NATURAL-SOURCE VITAMIN E-600

(*d-alpha*-tocopheryl acetate concentrate, 600 I.U. per gram)

DESCRIPTION

NATURAL-SOURCE VITAMIN E-600 is a stable, free-flowing, granular powder containing 600 I.U. *d-alpha*-tocopheryl acetate (RRR-*alpha*-tocopheryl acetate) per gram. This product is the stable acetate ester of natural vitamin E. It is manufactured by adsorbing *d-alpha*-tocopheryl acetate onto silica dioxide. The product is formulated to be included in supplements and complete feeds.

NATURAL-SOURCE VITAMIN E is off-white to light cream in color with a bland odor and taste.

ASSAY

Each gram of this product contains not less than 441 mg of *d-alpha*-tocopheryl acetate, equivalent to 600 International Units (I.U.'s) per gram. Acceptable names for the vitamin E source are: *d-alpha*-tocopheryl acetate or RRR-*alpha*-tocopheryl acetate.

(Biological activity and equivalencies: 1 mg *d-alpha*-tocopheryl acetate = 1.36 I.U.)

STABILITY

The acetate-ester is stable to air, heat, and moisture. The product has minimal interactions with other ingredients commonly used in premixes, supplements, and complete feeds. Protect from excessive heat, light, and products that have high pH.

STANDARD PACKAGING

Available in 25 kg (55 lbs) fiber containers.

TO ORDER

Telephone **(800) 747-4538** or **(817) 590-2907**; or mail original or confirming orders and inquiries to STUART PRODUCTS, INC., 112 Bedford Road, Bedford, Texas 76022.
